SGX Sensortech Evaluation Boards at CDI

SGX offers many gas detection products, and almost all these products can be used with evaluation boards. SGX make for each type of sensor:

MICS-EK1: Metal Oxide Semiconductor Gas Sensor Evaluation Kit

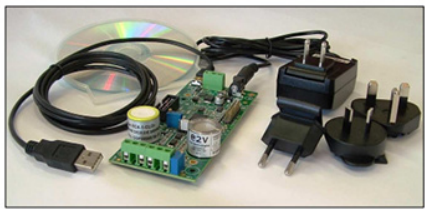

The **SGX MICS-EK1 Gas Sensor Evaluation Kit** will drive th Oxide Semiconductor gas sensors and automatically measure as it changes with applied gas.
Download Data Sheet

IR-EK2: SGX Infrared Gas Sensor Evaluation Kit

SGX Infrared Gas Sensors are reliable and stable devices c many different gases as specified on individual device data sh can be used in many different applications and this Evaluation allow you to experiment and find the most suitable mode of op particular use.
Download Data Sheet

ECVQ-EK3: Electrochemical and Pellistor Gas Sensor Evaluation Kit

The **SGX ECVQ-EK3 Gas Sensor Evaluation Kit** will drive th electrochemical and pellistor (including thermal conductivity) g automatically measure the sensor outputs and calculate gas c
Download Data Sheet

INIR-EK4: Made for Testing and Potential Customization of the INIR sensors (all gas types)

The **SGX INIR-EK4 Evaluation Board** makes the testing and
sensors, easy and trouble free. The Software with the Evaluat
with Windows Operating System only and at the moment is no
Analogue output by using the Evaluation Software.

About SGX Sensortech

For more than 50 years, **SGX Sensortech**, has remained at the forefront of air quality sensors and modules. Our innovat
helped protected the occupants of cars from deteriorating air quality whilst driving through polluted cities, reduced the co
buildings and made the work environment a safer place from flammable and toxic gas hazards. SGX Sensortech delivers
underpinned by excellent application support and customer service. Please note that all parts are shipped from the Unite

About Component Distributors, Inc. (CDI)

default watermark

Component Distributors, Inc. (CDI) is a value-added distributor of high-performance LED, Power, RF & Microwave, Wi
component technologies. CDI distributes globally and provides local application support and customer service across the
cutting edge power electronics by wrapping application support, development tools and design services around high-perf
industry leading manufacturers.
