

MiCS-VZ-89TE Integrated Sensor Board for Indoor Air Quality Monitoring

Description

MiCS-VZ-89TE Integrated Sensor Board for Indoor Air Quality Monitoring from SGX Sensortech and In Stock at CDI

The <u>MiCS-VZ-89TE</u> combines state-of-the-art MOS sensor technology with intelligent detection algorithms to monitor tVOCs and CO2 equivalent variations in confined spaces, e.g. meeting rooms or vehicle cabins. The dual signal output obe used to control ventilation on-demand, saving energy and reducing cost-of ownership.

Features

- Calibration-free
- Low power
- Wide VOCs detection range
- High sensitivity
- High resistance to shocks and vibrations

Detectable Gases

- Volatile Organic Compounds VOCs
- Equivalent Carbon Dioxide CO2 (equiv)

CDI works continuously with our vendor partners to connect our customers to products and solutions that accelerate thei time to market. CDI will leverage its product knowledge, technical expertise, and evaluation tools to find the right solution your design, even if it means we need to recommend competitor's part.

For more information, or to learn how we can help drive your success, please visit www.cdiweb.com or email us at sales@cdiweb.com.

About SGX Sensortech

For more than 50 years, **SGX Sensortech**, has remained at the forefront of air quality sensors and modules. Our innova products have helped protected the occupants of cars from deteriorating air quality whilst driving through polluted cities, reduced the cost of air conditioning in buildings and made the work environment a safer place from flammable and toxic hazards. SGX Sensortech delivers high quality products, underpinned by excellent application support and customer ser Please note that all parts are shipped from the United States.

About Component Distributors, Inc. (CDI)

Component Distributors, Inc. (CDI) is a value-added distributor of high-performance LED, Power, RF & Microwave, Wireless and Sensor component technologies. CDI distributes globally and provides local application support and custor service across the Americas. CDI delivers cutting edge power electronics by wrapping application support, development tools and design services around high-performance products from industry leading manufacturers.
