The future of light is dark “ LEDiL DAISY

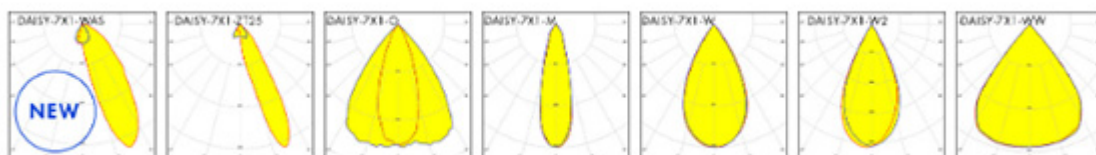

LEDiL DAISY welcomes a new wall-washing optic to the dark light family

DAISY-7X1

- Flawless low glare lighting
- Comprehensive family of seven beams
- Sleek and seamless look in office and retail environments
- Same luminaire design suitable for: general, task, aisle, accent and shelf lighting as well as wall-grazing and wall-washing applications

The ever popular [LEDiL DAISY Dark light family](#) offers a wide range of low glare optics for premium office, retail or any other general lighting. DAISY makes it easy to create unobtrusive, discrete Dark Light lighting setups where the light source is barely visible.

Now the family welcomes [DAISY-7X1-WAS](#), a much-anticipated wall-washing beam featuring an asymmetric beam with outstanding longitudinal glare control.

This sleek, stylish optic is perfect for wall-washing applications in retail and office environments supporting elegant, human-centric lighting in a seamless design. DAISY-7X1-WAS ensures all interior lighting needs can be served in the same style and consistent design.

DAISY-7X1-WAS Whiteboard Wall-Washing

This lens is the ideal choice for wall-washing in versatile applications. DAISY-7X1-WAS consists of lens, shade, and cover parts. The optic is installed with a 3:1 installation ratio of height to distance to the wall. [DAISY-7X1-WAS](#) is optimized for CSP LEDs and is recommended to be used with two LEDs next to each other.
