NovaSensor NPI-19 Series

In-St

NovaSensor, a division of Amphenol Advanced sensors offers the **NPI-19 series** of low, and medium pressure sens
diaphragm designed to operate in the most hostile environments while still providing outstanding sensitivity, linearity an

The sensors are offered pressure ranges from 2.5 psi to 300 psi, with (weld ring) or with a pressure port (1/8 NPT, and
available with a digital (I2C) output (see parts ending with the suffix â€œG2â€•).

Below are the current parts avai
