

TDK InvenSense Digital Microphones In Stock at CDI

# **Description**

### **TDK InvenSense Digital Microphones In Stock at CDI**

#### T3903:

**Bottom Port PDM Digital Output Microphone with high SNR in all** operational modes: The TDK InvenSense T3903 is a multi-mode, low noise digital MEMS microphone in a small package. The T3903 consists of a MEMS microphone element and an impedance converter amplifier followed by a fourth-order modulator. The digital interface allows the pulse density modulated (PDM) output of two microphones to be time multiplexed on a single data line using a single clock. lefault Wate

## T5919:

**Bottom Port PDM Digital Output Multi-Mode Microphone with Particle** Ingress Filter (PIF): The T5919 is a multi-mode, low noise digital MEMS microphone in a small package. The T5919 consists of a MEMS microphone element and an impedance converter amplifier followed by a fourth-order modulator. The digital interface allows the pulse density modulated (PDM) output of two microphones to be time multiplexed on a single data line using a single clock.

CDI works continuously with our vendor partners to connect our customers to products and solutions that accelerate the to market. CDI will leverage its product knowledge, technical expertise, and evaluation tools to find the right solution for design.

For more information, or to learn how we can help drive your success, please visit www.cdiweb.com or email us at sales@cdiweb.com

### **About TDK InvenSense**

InvenSense, Inc, a TDK Group Company is part of the Sensor System Business Company within TDK and is the indu leader in MEMS Motion, Audio, and Pressure Solutions for the consumer, industrial, automotive, and IoT market segme provides a very robust portfolio of MEMS 3/6/7/9 axis motion sensors, accompanied by the highest performing MEMS a microphones, and pressure sensors. TDK continues to push the boundaries of performance and quality; setting new sta of innovation across multiple industries.

### **About Component Distributors, Inc. (CDI)**

**Component Distributors, Inc. (CDI)** is a value-added distributor of high-performance LED, Power, RF & Microwave, W and Sensor component technologies. CDI distributes globally and provides local application support and customer servi across the Americas.
