TDK InvenSense Digital Microphones In Stock at CDI

T3903:

Bottom Port PDM Digital Output Microphone with high SNR in all

operational modes: The TDK InvenSense **T3903** is a multi-mode, low noise digital MEMS microphone in a small package. The **T3903** consists of a MEMS microphone element and an impedance converter amplifier followed by a fourth-order modulator. The digital interface allows the pulse density modulated (PDM) output of two microphones to be time multiplexed on a single data line using a single clock.

T5919:

Bottom Port PDM Digital Output Multi-Mode Microphone with Particle

Ingress Filter (PIF): The **T5919** is a multi-mode, low noise digital MEMS microphone in a small package. The **T5919** consists of a MEMS microphone element and an impedance converter amplifier followed by a fourth-order modulator. The digital interface allows the pulse density modulated (PDM) output of two microphones to be time multiplexed on a single data line using a single clock.

CDI works continuously with our vendor partners to connect our customers to products and solutions that accelerate the time to market. CDI will leverage its product knowledge, technical expertise, and evaluation tools to find the right solution for your design.

For more information, or to learn how we can help drive your success, please visit www.cdiweb.com or email us at sales@cdiweb.com.

About TDK InvenSense

InvenSense, Inc, a TDK Group Company is part of the Sensor System Business Company within TDK and is the industry leader in MEMS Motion, Audio, and Pressure Solutions for the consumer, industrial, automotive, and IoT market segments. CDI provides a very robust portfolio of MEMS 3/6/7/9 axis motion sensors, accompanied by the highest performing MEMS audio microphones, and pressure sensors. TDK continues to push the boundaries of performance and quality; setting new standards of innovation across multiple industries.

About Component Distributors, Inc. (CDI)

Component Distributors, Inc. (CDI) is a value-added distributor of high-performance LED, Power, RF & Microwave, W and Sensor component technologies. CDI distributes globally and provides local application support and customer servi across the Americas.
