About Component Distributors, Inc. (CDI)

Component Distributors, Inc. (CDI) is a value-added distributor of Precision Gaging and Metrology Software and Position Feedback Sensors. CDI distributes globally and provides local application support and customer service across the Americas.

About Mahr

Technical innovation and quality-oriented thinking are the core competencies of successful businesses. These competencies are not possible without metrology. Measurement instruments verify research and development results and document product quality. Without continuous advancement of metrology there would be no progress. **Mahr** offers a wide range of measuring instruments to solve your specific measuring task. Contact yourself!
