## **About Component Distributors, Inc. (CDI)**

Component Distributors, Inc. (CDI) is a value-added distributor of Precision Gaging and Metrology Solutions, and Position Feedback Sensors. CDI distributes globally and provides local application support and customer service across the Americas.

## **About Mahr**

Technical innovation and quality-oriented thinking are the core competencies of successful businesses. Both competencies are only possible without metrology. Measurement instruments verify research and development results and document product quality. Without the continuous advancement of metrology there would be no technical progress. Mahr offers a wide range of measuring instruments to solve your specific measuring task. Convince yourself!
