## Dive into the Leading Lighting Technologies with CDI's Solution Partners at LEDucation 2024 in New York City

Explore the forefront of lighting innovations and deepen your understanding with an extensive selection of offerings. Experience Casambi's Bluetooth-enabled lighting controls, mwConnect's wireless mesh lighting solutions, Audax's groundbreaking precision dimming systems, and EnOcean's energy-harvesting wireless technology by visiting our partners at LEDucation 2024. Join us at the New York Hilton Midtown between March 19-20, to explore all your lighting needs.

Discover Casambi's system of advanced lighting control systems, featuring their Bluetooth Low Energy-based technology, phase dimming controller and long-range BLE Mesh wireless modules, helping you to move beyond traditional, outdated and wired lighting systems.

Visit Casambi at Booth 307.

Explore mwConnect's award-winning lighting solutions, offering scalability. Featuring wireless light switches, sensors, and BLE, their products allow for superior flexibility. Experience conversion savings with advanced lighting control systems.

**Speak with mwConnect at Booth 2815.**

Learn how Audax Electronics integrates precision dimming to enhance your lighting design with their innovative LED and UVC LED lighting solutions for various indoor, outdoor, and horticultural applications.

**See Audax Electronics at Booth AH2 5022.**

Uncover EnOcean's status as the world's leading developer of energy harvesting wireless technology, providing reliable and self-powered wireless solutions for the Internet of Things, building automation, and smart home applications.

**Speak with EnOcean at Booth 4024.**
